REPORT NO.

THIS IS UNEVALUATED INFORMATION

25X1

1. There are two airfields located at Focsani; the main airfield and a secondary airfield about four kilometers northwest of Focsani.
2. The dimensions and layout of the secondary airfield are similar to those of the main airfield but it has no buildings or personnel. It is used only as a training and emergency field.
3. The main airfield is used as a training school for the Rumanian Air Force, the instructions given varying from elementary training to blind flying. Personnel and trainees total approximately 700. The field has accommodations for 1,000 to 1,200 men.
4. The taxi strip is made of turf. The prevailing wind is east-east by southeast and very rarely from other directions.
5. Approximately 30 aircraft are stationed at the airfield. aircraft with one, two and three engines, all old models. No traffic was observed.
6. Reportedly, radar has been installed at the main airfield.
